<b>Backend:</b>	Node.js, Express.js, Mongodb, Mongoose, Prisma, Redis, REST API, JWT, Socket.io, Cloudinary.
<b>Deployment/Tools:</b>	Git & Github, Git, Github-Actions, Nginx, VPS, VsCode, Dev-tools.

## Work Experience

### Frontend Developer | TNC Global LTD

07/2024 - Present

Achievements/Tasks

- Developed a scalable e-commerce management app using React.js, enhancing business operations.
- Built modular UI components, ensuring maintainability and scalability.
- Optimized performance with code-splitting, lazy loading, and memoization for a faster UI.
- Implemented Redux-Toolkit for efficient state management and data consistency & Tanstack query for optimized data fetching.
- Integrated RESTful APIs enabling seamless data communication.

### Frontend Developer | Decent Themes

01/2024 - 05/2024,

Achievements/Tasks

- Developed dynamic and responsive user interfaces using React.js, leveraging state management libraries such as Redux for efficient data handling.
- Implemented component-based architecture and utilized React Hooks for managing state and side effects, enhancing code readability and maintainability.
- Optimized application performance through code splitting, lazy loading, and efficient rendering techniques, ensuring a smooth user experience.

### Frontend Developer | Techdome Solutions Private limited

05/2023 - 12/2023,

Achievements/Tasks

- Designed, developed, and implemented complex features using React and TypeScript within a monorepo architecture.
- Played a key role in integrating and interacting with APIs, enabling seamless communication between front-end and back-end systems.
- Proactively identified and resolved critical bugs, demonstrating a keen eye for detail and a commitment to product reliability.
- Collaborated with cross-functional teams to ensure seamless integration and delivery of new features.

## Porjects

### T-ShirtHaven e-commerce platform

Features:

- Full-featured e-commerce platform with cart, checkout, order history, and Stripe & Cash on Delivery payments.
- Admin panel for managing products, orders, and users, with a responsive UI and optimized performance using Next.js SSR.
- Implemented Next.js Server action for interaction with database & manage Admin panel for managing products, orders, and users, with a responsive UI and optimized performance using Next.js SSR.
